

Lunar Eclipse Tarot Spread

For this simple 3-card reading, you will need a Tarot deck as it involves the High Priestess, the Moon and the Sun:

1. Shuffle your deck thoroughly.
2. Then, look through your deck until you get to the High Priestess. The card behind her will answer the question:

What is currently hidden that needs to be revealed to me?

3. Next, look through your deck until you get to the Moon. The card behind will answer the question:

How does this affect my feelings and emotions?

4. Lastly, look through your deck until you get to the Sun. The card behind will answer the question:

How can I gain more clarity?
