

## APPENDIX I – Summary of the 7 Ancient Planets and Their Associated Tarot Cards

### Exercise

A fun and interesting way to explore card images and their similarities based on their astrological connection. You will need a Rider Waite Smith Tarot deck for this:

Take the corresponding cards for each planet from your Tarot deck and compare the images. Start with the Sun. Explore, how the planet influences the interpretation of each card. What do they have in common? Which cards have similar meanings and images? Which pip cards relate to which Major Arcana cards?

For example, you may connect the 8/Pentacles with Strength, or the 6/Cups with the Sun. Which trump card would you connect the 10/Swords with? What additional insights and new perspectives may this offer you? What are your most striking discoveries?
